

# WE'RE THE WORKFORCE BEHIND YOUR WORKFORCE.

It's a simple fact. A better trained workforce delivers a better bottom line. But finding the resources for results-driven training isn't easy. Tooling U online training is the solution.

With over 400 classes, we cover the full range of manufacturing jobs – from machining to assembly, maintenance and quality control. We'll customize training to integrate with your current efforts or create a new one. And, no program is complete until we test and track to validate results.

Every week, thousands of workers use Tooling U to boost their knowledge and their company's performance. What more do you need to know? Call **1.866.706.8665** or visit [toolingu.com](http://toolingu.com).
