Online classes are self-paced, typically taking 60 minutes to complete. On average, employees can progress through a job role in one year with as little as 4 hours a month spent online.

Manufacturing Awareness introduces basic concepts in the following functional areas:

Manufacturing

Assembly

Composites

Machining

Maintenance

Stamping/Forming/
Fabricating

Welding

Turnkey Training offers:

- Predefined curriculum for each job role
- Engaging and interactive online classes
- Supplemental videos and a reinforcement task for each class
- Pre- or post-training knowledge assessments
- Access to Tooling U-SME's LMS
